THE MODEL READ BOTH CLAIMS WRONG. NOTHING WAS PRICED.

At pickup · **AI-generated test images (not photographs)**

At return · **AI-generated test images (not photographs)**

C1 front fairing — dent True answer: old: the same scuff is in the pickup image. Model read: new since pickup (wrong in all 3 calls).	**not priced**
C2 mirror — missing part True answer: new: both mirrors are missing at return. Model read: a mark at return, but not this part and class (wrong in all 3 calls).	**not priced**
No model is benchmarked yet, so no line can be priced Recorded answers, not a benchmark. Pinned without the bench, the rules would have priced C1, an old scuff, at $45.00. evidence/generated-pair	**qwen3-vl-plus**
